Proverbs 22:6

Train up a child in the way he should go: and when he is old, he will not depart from it.

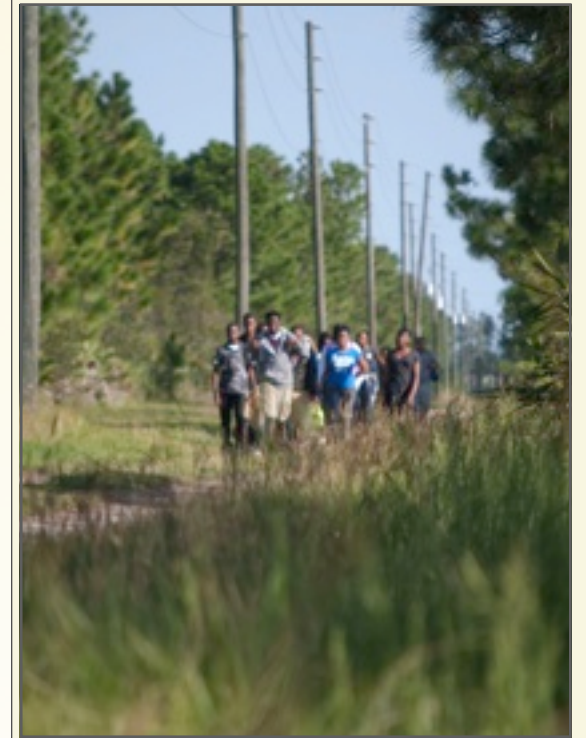

OUR TRAINING CENTER

Real Men Outdoors is excited to announce that we have recently inked a partnership agreement with the Harmony Institute to operate on 80+ acres that they own in Harmony, Florida just east of St. Cloud in Osceola County. The property, located behind Harmony High School and Osceola County Fire Station 54 includes Spirit Farm. Spirit Farm is a hands-on learning environment with gardens, trails, and a variety of farm animals such as horses, miniature donkeys- and cows, goats, sheep, pigs, and chickens. This outdoors environment paired up with the exciting primitive camp areas located throughout the property represent a truly unique adventure and learn opportunity.

WILDERNESS MENTORING

LIONS & TIGERS & BEARS!

It is amazing how “tough” kids respond when taken out of their comfort zone and placed in a setting where effective communication, team work and problem solving are demanded.

Where issues of character are not only discussed but demonstrated as a way of life. Where expectations exist and opportunities abound to be “just” kids. *The results are amazing!*

We can't afford to lose even one!

WHAT WE DO.. AND WHY YOU SHOULD CARE

The wilderness is a place where nature is dominant and situations and their consequences are real. Camping in these conditions, away from the distractions of modern civilization fosters self-reliance, respect and a sense of responsibility for youth's own actions. Real Men Outdoor's adventure programs are designed based on the nationally recognized Boy Scout Venturing Program format.

Through the outdoor experience, in addition to learning outdoor skills, teens respond to physical challenges and learn to overcome obstacles through problem solving. Youth are guided through activities, which enable them to build self-esteem, self-confidence, cooperation, leadership skills, and team building. Teens expand their horizons beyond concrete and asphalt and to learn about themselves, nature and their environment. Each youth spends quality time with caring adult men (who have been screened by Boy Scouts of America) in an environment that teaches them more effective ways of relating to others and healthier ways of valuing themselves.

PROGRAM BACKGROUND

Real Men Outdoors began as a concept discussed around a camp fire by two concerned grandfathers who were tired of endless rhetoric about the plight of at-risk youth. They decided that they would let their actions speak for them. The program has grown each year by leaps and

bounds. They worked with 37 young men in 2008. The RMO program is on track to work with more than 400 youth in 2012.

OUR BUSINESS CLASSIFICATION

Real Men Outdoors, Inc. (RMO) is a Florida non-profit corporation, and headquartered in Orlando. RMO was created in October, 2008, received its 501(C)(3) status, as an approved charity by the IRS in March, 2009.

The IRS letter of determination that Real Men Outdoors, Inc., as an approved charity, is available upon request.

RMO has established a Venturing Partnership relationship with the Boy Scouts of America.
